

# Kawartha Decorative Painters Guild

*To encourage and promote the practice and knowledge of decorative painting.  
To promote a forum for painters to meet and exchange ideas.  
To enrich our painting experiences through programs, seminars and demonstrations.*

## JOTS FROM JOAN

*Welcome back fellow painters! Happy fall, my favourite time of year! I hope you enjoyed your summer and did some painting as well! I look forward to a great Guild year and thank the Executive for the successful meetings over the summer!*

*Thanks to the Program Committee for a great program line up! I hope you take a positive outlook on the projects and enjoy the challenges, techniques and our social time together.*

*The Newsletter is no longer being printed as, sadly, no one wished to take on take on the job. We have come up with alternative methods and rest assured that you will get your patterns/instructions for the painting sessions. We are shrinking what is being printed, meaning less will be done and some of it will be available **ONE TIME ONLY** at our September luncheon! If someone you know cannot make it, be a friend and kindly pick it up for them. We are up to the challenge to see how this works and ask that you **OWN YOUR GUILD** by helping any way you can, get your information and share your ideas in a positive way!*

*We are off to a great start and I am glad to be along for the ride for the love of painting!...*

JOAN

## Olive Oil Bottle – Prework

**Palette:** Honey Brown, Camel, Antique Green, Evergreen, Antique Gold Deep (or Olive Green Works), Burnt Umber (or Dark Chocolate) Avocado, Black Plum, Warm White (or White)

**Other Supplies:** small 14 oz bottle (mine is from a “make your own wine store”, Bed Bath & Beyond website has “Table Craft olive oil bottles & pourer” sets to purchase for bottles), Multipurpose Sealer (I use Jo Sonya), DecoArt’s Paint Adhesion Medium (or Gesso or J.W. Etc. Under Cover primer or glass medium), Rubbing Alcohol.

### Prework Instructions:

- Wash the bottle
- Wipe design area with Rubbing Alcohol
- When dry, transfer the outline of the design to the bottle using normal graphite paper
- Seal the design area with Multipurpose sealer
- Transfer the lines for the banners
- Top & Bottom “banner’s”
  - Mix – Paint Adhesion Medium (or Gesso...) 1:1 with Honey Brown
  - Paint the banners with 2 coats of this mixture. It will look messy & streaky but just keep going. Dry between coats.
  - Then, using *straight* Honey Brown paint (no medium in it), basecoat 2 more coats or until solid.
- Middle part of the label: follow instructions for banner but use Camel instead of Honey Brown
- Transfer pattern for olives, leaves and detail lines on the banners
- Base Olives with Antique Green
- Base Leaves with Avocado
